

SRI LANKA

CENSUS OF AGRICULTURE - 2002

SMALL HOLDING SECTOR - FINAL TABLES

JAFFNA DISTRICT

15776

DEPARTMENT OF CENSUS AND STATISTICS

MARCH 2007

Preface

The Census of Agriculture and Livestock is conducted with a view to achieve number of objectives. Firstly, it is designed to collect and disaggregate statistical data at lower administrative division level needed for planning. Secondly, it establishes benchmark data on the structure in order to evaluate the progress of agricultural sector between two Censuses. Thirdly, it prepares a frame of agricultural holdings, agricultural households etc. for the purpose of conducting sample surveys. The Census of Agriculture and Livestock conducted during the year 2002 is the latest in the series of Censuses. The extent of land operated for the purpose of agricultural crops and livestock have been enumerated in this Census. Such agricultural land was grouped in to two categories viz. (a). Small Holdings and (b). Estate or Large holdings

Analysis of the whole lot of statistical information collected at the Census is undoubtedly time consuming task. However, the Department of Census and Statistics has taken steps towards disseminating some important statistical data time to time as and when they were made available. In this context, two preliminary reports for Small Holding Sector viz; Preliminary Release No:1 and No: 2 containing the basic information by district and DS/AGA division related to the holdings were issued during the year 2003. Also a publication title on "Report on Estate Sector" giving detailed data was published during the year 2004.

The data presented in this publication have been extracted by scanning and tabulating questionnaires related to small holding sector that are more than 40 perches (0.10 Hectares) or their produce is mainly devote for the sale purposes. This gives detail characteristics related to Agricultural Operators, Agricultural Holdings, Type of Crops, Livestock, Agricultural Machinery, etc., by Divisional Secretariat/Assistant Government Division level of the district and by size of holdings.

Many people have contributed towards the success of the Census undertaking such as General public, District Statistical Staff, Divisional Secretaries lead by District Secretaries, other Administrative,

Technical and Field Staff of Agriculture concern Departments and Ministries both Central Government and Provinces.

Mr. S. Theivaseelan, Statistical Officer attached to the Agriculture and Environment Statistics Division is responsible for formatting and preparing the statistical tables for Jaffna District report. My acknowledgement is due to all officers in the Agriculture and Environment Statistics Division for the whole hearted cooperation extended towards carrying out different activities in the Census undertaking.

I wish to express my sincere thank to Deputy Directors namely; Mr. H.O. Chandratilake, and Ms. D.C. Paranavithana, and System Analyst/Programmer Ms. I.A.M. Fernando responsible for data tabulation and Mr. Migara Fernando who played a key role in data processing activities engaged in system design, data entry, editing and tabulation under the direction of Ms. S.V. Nanayakkara, Director in the Data Processing Division. Printing Staff lead by Mr. H.A. Samarasinghe, Senior Statistician is responsible for printing of this report in shortest possible time.

Finally, I am grateful to Mr. Wimal Nanayakkara, Former Director General who superintended the Census and Mr. A.M.U. Dissanayake, Director in-charge of Agriculture and Environment Statistics Division of the Department for coordination, monitoring of Census activities from the beginning and arrangements in disseminating these data in a useful manner.

D.B.P. Suranjana Vidyaratne

Census of Agriculture - 2002

(a). Census of Agriculture

The Census of agriculture is defined to be a government sponsored large-scale Island-wide operation for the collection and derivation of quantitative statistical information on the structure of the agriculture, using agricultural holding as the unit of enumeration and referring to a single agricultural year.

(b) Historical Background

The Census of Production-1921 was the first attempt that made to conduct a Census in the country followed by parcel Censuses in 1924, and 1929. These Censuses were limited to collect the information such as crop area, production and livestock numbers at village level. Subsequently, in 1946, 1952, 1962, 1973 and 1982, five Censuses had been conducted. The Census of Agriculture that was scheduled to undertake in 1992, was not conducted due to the unsteady conditions prevailed on the ground in certain parts of the country. Therefore, the Census of Agriculture 2002 was conducted after lapse of 20 years.

(c) Objectives of the Census

- ❖ To provide data on structure of agriculture needed for the formulation and implementation of agriculture development projects.
- ❖ To provide benchmark information to evaluate the progress of agriculture projects undertaken by the government and for improving current crops and livestock estimates.
- ❖ To provide and update frame of agricultural households, agricultural operators and operational holdings for the purpose to conduct future sample surveys.

(d) Basic Data

Following are the main subjects of information collected through the Census of Agriculture-2002.

- ❖ Agricultural holding
- ❖ Agricultural operators
- ❖ Extent under different crops and land utilization
- ❖ Livestock
- ❖ Agricultural machinery and equipment

(e) Concepts and Definitions

Number of concepts and definitions used in the Census relevant to the data given in this publication are described below.

(1) Agricultural Operator

An agricultural operator is the person responsible for operating the agricultural land and /or livestock. He/She may carry out the agricultural operations by himself/herself or with the assistance of others or simply direct day-to-day operations.

Here the

Operator cultivates the land and/or tends the livestock himself.

or

He/she may do so with the assistance of hired labour or any other persons.

or

He/She may simply direct operations by taking decisions only.

It is important to note that the operator need not necessarily be the owner of the land or livestock and also that mere ownership does not entitle a person to be considered as an operator.

This means that a person may attend to all the work needed to cultivate a land or tend livestock, but will not be considered the operator, if there is some one else directing day to day work on the holding. It also means that a person may supervise the work in a holding appearing for all purposes to be in charge of the operations of the holding, but if there is someone else who is giving day to day directions, he/she does not become the operator.

In respect of livestock, any person who is actually responsible for the management of livestock in the same way that a land operator is responsible for his holding will be considered as the operator. The livestock may be owned, obtained on "Ande" or lease or any other form of arrangement. While most livestock operators will also be land operators, there would be cases of livestock operators who are not land operators and therefore they may have no land holding. The term agricultural operator includes both land operator as well as purely livestock or poultry operator.

While most of the operators have only one holding, there could be cases of an operator having more than one holding.

(2) Agricultural Holding

An agricultural holding consists of all land and/or livestock used wholly or partly for agricultural production and is operated under one operational status and situated within one Divisional Secretariat (D.S.) Division subject to the following conditions:

- One holding may consist of one or more parcels.
- Does not matter whether operator owns the land or not.
- Does not matter whether the land is operated legally or not.
- Holding may consist only crops, only livestock or crops and livestock.
- Does not matter whether the land is very marginal or big in size.
- Holding may consist only paddy, only highlands or paddy and highlands.

However, any land is situated outside the D.S. division where the operator is resided, it should be considered as a separate agricultural holding taking into account of above conditions.

(3) Total Extent of Holdings

The Total extent of holdings is the combined area of all parcels operated including cultivated and uncultivated area. It includes the total area.

- Owned and operated
- Rented from others and operated under other forms of land tenure
- Occupied by the farm house of dwelling home.

However, it excludes the area rented out to others.

(4) Homegarden

- a) A piece of land which has a dwelling house and having some form of cultivation was defined to be a homegarden, if the total area of that piece of land is twenty or less than twenty perches.
- b) A piece of land which has some form of cultivation and the total area of which is more than twenty perches was also considered as homegarden, if the following two conditions are satisfied.
 1. It has a dwelling house
 2. The produce of the cultivated land is largely for home consumption.

"Having some form of cultivation" was meant any cultivation for agriculture production. This will include even one coconut palm or one arecanut tree or couple of chilly plants and it was treated as homegarden, if the above conditions are satisfied.

(5) Household

A household may be (1) a one person household or (2) a multi-person household.

A one person household is one where a person lives by himself and makes separate provision for his food (either cooking it himself or purchasing it.)

A multi-person household is one in which a group of 2 or more persons live together and have common arrangements for cooking and partaking of food (in short, living and eating together). The household includes not only members of the family such as father, mother and children but also, others who live with the family and share meals with them such as relatives, boarders and servants. The members of the household could be unrelated.

In case of lodgers living with the household and having their own arrangements for meals, each holder should be treated as a separate household. But boarders who share meals should be treated as members of the household.

(6) Parcel

A parcel of the holding is any piece of land entirely surrounded by land, water, road, forest etc. not belonging to the same holding. It may consist of one or more fields adjoining to each other, but should be under the same tenureship.

Note that neither the crops grown on a land, nor the type of land has any bearing in determining a parcel. If a piece of highland of a holding adjoins an asweddumized paddy land belonging to the same holding that is having common boundary that piece of highland and asweddumized paddy land together will form one parcel.

(7) Operational Status

Status is categorized into four.

1. Operating Own Account
2. Operating for an Institution
3. Operating for a Private Person
4. Operating in Partnership

1. Operating on Own Account

If the operator bears by himself/herself the full economic responsibility and does not share this with anybody else nor is he answerable to any other person or institution, then he is operating "On own Account". He/she may or may not employ labour and have family members to help him.

2. For an Institution

In this case the operator manages the operation of the holding on behalf of an institution, such as a private company, or government or Semi Government Organization.

3. For a Private Person

Here the operator manages the operation of the holding as a manager/care taker with a salary/benefit for an individual. The operators managing land and/or livestock on behalf of owners living in the same place or away will come under this category.

4. Operating in Partnership

Here he/she operates the holding jointly with others and shares the responsibility including management with one or more person.

Please note that a single agricultural operator could have more than one operational status.

(8) Land Owned

This includes two categories of land.

- (i) Land legally owned where he/she possesses title of ownership and consequently the right to determine to what use, it should be put to as well as the right for transfer.
- (ii) Land operates in an owner like possession. i.e. when the holder operates it in an owner-like way even though he/she does not possess the title of ownership.

(9) Agricultural Work

By agricultural work is meant any farm work necessary for the operation of agricultural holding. It will include the physical work of carrying out the various operations on the farm as well as other work such as planning of farm work, keeping of farm accounts. It will also include work done outside the holding but necessary for the operation of the holding such as bringing of fertilizer and other farm necessities to the holding, taking produce to market etc. work related to the operation of the home and construction work done on contract will not be included.

(10) Agrowells

A well which has diameter of not less than 15 feet and covered by a permanent wall, is defined as an agrowell, if it satisfies the following conditions.

- Should have a capacity of 10,000 gallons (45,000 liters) at the beginning of Yala season.
- Should have irrigation capacity for at least ½ an acre in Yala season.

(f) Method of Data Collection:

Agriculture in Sri Lanka is carried out in two distinct sectors such as (i). Estate or the plantation sector and (ii). Peasant or the small holding sector. Two methods of data collection were designed which corresponds to these sectors for the easy way of operation in the Census.

1. Estate Sector:

An agricultural holding of 20 acres or more in extent and under the same unit of management was considered as an "Estate". In the instances where different parcels of the holding may add up to 20 acres or more if so it was not considered as an "Estate". Estate should have at least one parcel of which the extent should 20 or more in acres. Similarly, the holdings such as purely paddy lands or chena lands of 20 acres or more were not considered as Estates.

2. Small Holding Sector:

All other holdings, which are not falling into the category of estates, were defined as small holdings. Basically, they are the holdings below 20 acres in extent.

The trained Enumerators have visited every Census unit in order of the list frame (F1) that was prepared at the Census of Population 2001 namely: housing unit, Institution, collective living quarters, and non-housing unit in the country and screened out the agricultural operators through a schedule known as AC.1. They have been instructed to have personal interviews with operators and to collect the information. In respect of the Estate sector, the information was collected through mail questionnaires by sending the specific questionnaire to each and every operator/Superintendent according to the inventory of Estates prepared prior to Census proper.

TABLES FOR ESTATE AND SMALL HOLDING SECTOR

Table No

1	Extent under Agriculture by Sector and by DS Division – (Extent in Acres)	3
2	Tea - <i>Not Growing</i>	-
3	Rubber - <i>Not Growing</i>	-
4	Extent Under Coconut by DS Division - (Extent in Acres)	4
5	Number of Cattle and Buffalo by Sector and DS Division	5
6	Number of Goats and Swine by Sector and DS Division	6
7	Number of Poultry by Sector and DS Division	7

TABLES BASED ON OPERATOR'S RESIDENCE - SMALL HOLDING SECTOR

1	: Agricultural Operators Classified by Age Group and Sex	11
2	: Agricultural Operators Classified by Educational Attainment and Sex	12
3 A	: Number of Agricultural Households and their Population by Age Group and Sex	13
3 A.1	: Number of Agricultural Households Operating Less than 2 Acres and their Population by Age Group and Sex	14
3 A.2	: Number of Agricultural Households Operating 2 Acres to Less than 5 Acres and their Population by Age Group and Sex	14
3 A.3	: Number of Agricultural Households Operating 5 Acres to Less than 10 Acres and their Population by Age Group and Sex	15
3 A.4	: Number of Agricultural Households Operating 10 Acres and Above and their Population by Age Group and Sex	15
3 B	: Number of Agricultural Households and Extent Operated according to Household Size (Extent in Acres)	16
3 B	: Number of Agricultural Households and Extent Operated according to Household Size (Extent in Hectares)	16
4 A	: Number of Agricultural Operators and Extent Owned by Type of Ownership (Extent in Acres)	17
4 B	: Distribution of Agricultural Operators and Extent Owned, by Type of Ownership and Size Class of Holdings (Extent in Acres)	18
4 B	: Distribution of Agricultural Operators and Extent Owned, by Type of Ownership and Size Class of Holdings (Extent in Hectares)	18
5 A	: Number and Extent of Operational Holdings by Status of Operator (Extent in Acres)	19
5 B	: Distribution of Operational Holdings by Operational Status and Size Class of Holdings (Extent in Acres)	20
5 B	: Distribution of Operational Holdings by Operational Status and Size Class of Holdings (Extent in Hectares)	20
6 A	: Number of Agricultural Machinery and Equipment Owned by Agricultural Operators and by DS Division	21
6 B	: Distribution of Agricultural Machinery and Equipment Owned by Agricultural Operators and Size Class of the Holding (Extent in Acres)	22
6 B	: Distribution of Agricultural Machinery and Equipment Owned by Agricultural Operators and Size Class of the Holding (Extent in Hectares)	22
7 A	: Number of Holdings by Type of Labour Used (Extent in Acres)	23
7 B	: Volume of Agricultural Work Done According to the Household Size (Extent in Acres)	23
8	: Number of Households by Source of Highest Share of income and by DS Division	24

TABLES BASED ON LOCATION OF HOLDINGS - SMALL HOLDING SECTOR

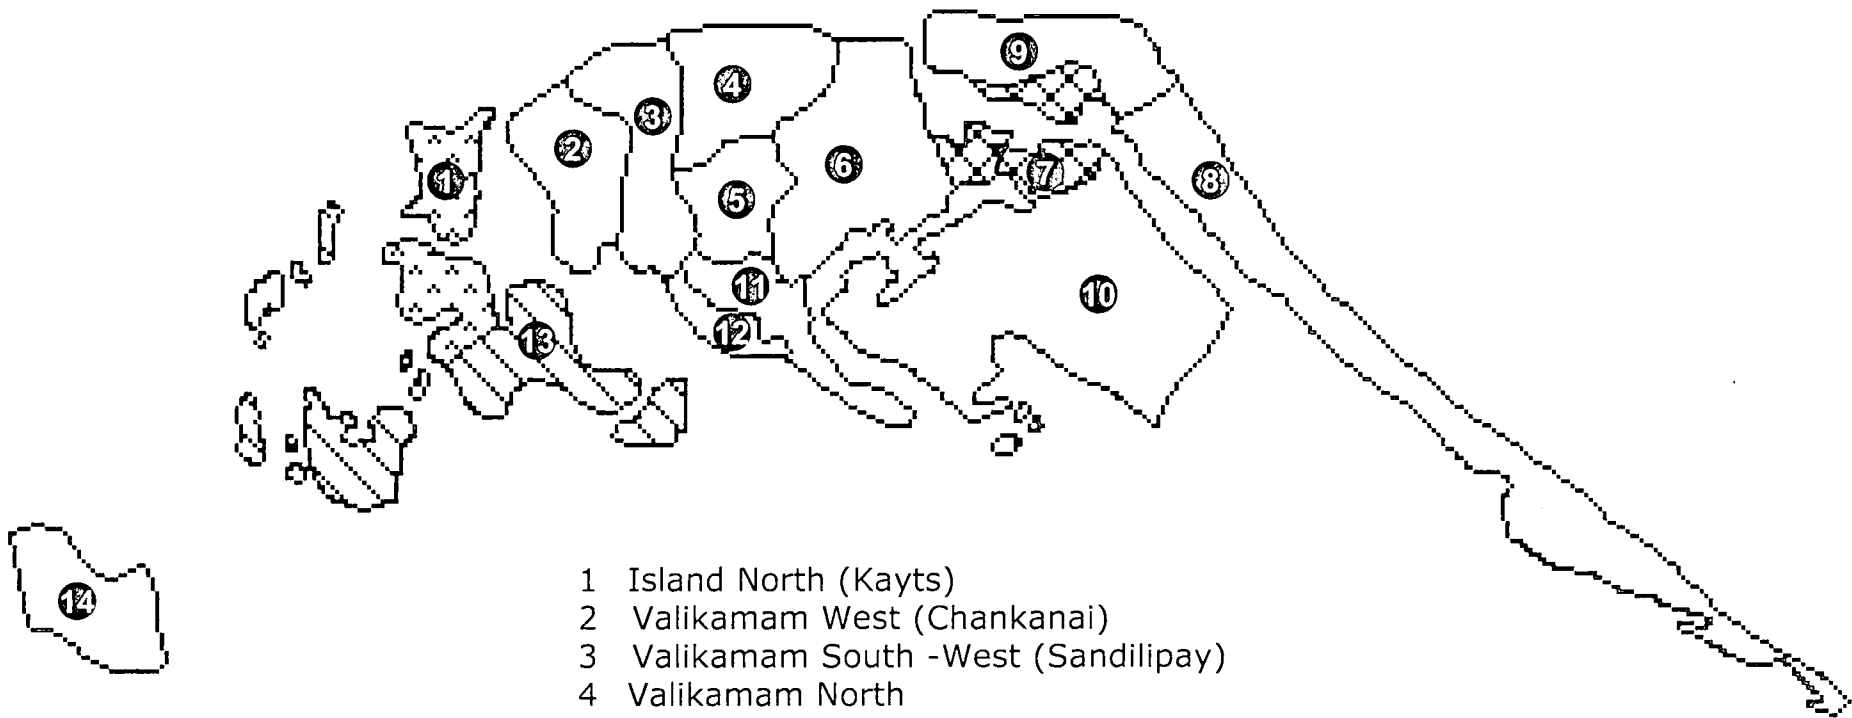

Table No	Page Numbers
1 A : Number of Agricultural Holdings According to the Type of Holding (Extent in Acres)	27
1 B : Distribution of Agricultural Holdings According to the Type of Holding by Size Class of Holdings (Extent in Acres)	28
1 B : Distribution of Agricultural Holdings According to the Type of Holding by Size Class of Holdings (Extent in Hectares)	28
2 A : Composition of Agricultural Holdings by Category of Land (Extent in Acres)	29
2 B : Distribution of Agricultural Holdings by Category of Land and Size Class of the Holding (Extent in Acres)	30
2 B : Distribution of Agricultural Holdings by Category of Land and Size Class of the Holding (Extent in Hectares)	30
3 Tea - <i>Not Growing</i>	
4 Rubber - <i>Not Growing</i>	
5 A : Details on Coconut Cultivation (Extent in Acres)	31
5 B : Distribution of Extent under Coconut by Size Class of the Holding (Extent in Acres)	32
5 B : Distribution of Extent under Coconut by Size Class of the Holding (Extent in Hectares)	32
5 C : Coconut Extent under Systematic Cultivation by Age Group (Extent in Acres)	33
6 A : Extent Under Minor Export Crops	34
6 B : Extent Under Fruit Crops and Other Perennial Crops	35
7 : Agricultural Holdings Reporting Paddy by Size Class (Extent in Acres)	36
7 : Agricultural Holdings Reporting Paddy by Size Class (Extent in Hectares)	36
8 : Distribution of Paddy Holdings by Operational Status (Extent in Acres)	37
8 : Distribution of Paddy Holdings by Operational Status (Extent in Hectares)	37
9 : Number of Agricultural Holdings Reporting Exotic Plants Cultivated for Sale by Size Class of Holdings (Extent in Acres)	38
10 : Holdings Reporting Agrowells and Extent Irrigated (Extent in Acres)	38
11 A : Number of Neat Cattle by Use and Sex (All Types)	39
11 B : Number of Neat Cattle by Use and Sex (Local)	40
11 C : Number of Neat Cattle by Use and Sex (Improved)	40
11 D : Distribution of Neat Cattle by Use, Sex and Size Class of the Holding (All Types) - Extent in Acres	41
11 D : Distribution of Neat Cattle by Use, Sex and Size Class of the Holding (All Types) - Extent in Hectares	41
11 E : Distribution of Neat Cattle by Use, Sex and Size Class of the Holding (Local) -Extent in Acres	42
11 E : Distribution of Neat Cattle by Use, Sex and Size Class of the Holding (Local) - Extent in Hectares	42
11 F : Distribution of Neat Cattle by Use, Sex and Size Class of the Holding (Improved) - Extent in Acres	43
11 F : Distribution of Neat Cattle by Use, Sex and Size Class of the Holding (Improved) - Extent in Hectares	43
11 G : Number of Cattle Herds and Population by Sex and Size of Herd	44

TABLES BASED ON LOCATION OF HOLDINGS - SMALL HOLDING SECTOR

Table No	Page Numbers
